

ROBINSON SALGADO CEVALLOS

**Technology Development Manager | Software Architect |
Engineering Leader | Senior Full-Stack Engineer**

- Santo Domingo, Dominican Republic
- rsalgado85@gmail.com
- +1 829-628-2903
- Fintech, Artificial Intelligence, Cloud Computing & Digital Transformation Specialist

EXECUTIVE PROFILE

Technology Development Manager, Software Architect and Senior Full-Stack Engineer with 18+ years of experience leading software engineering organizations, digital transformation programs and enterprise technology initiatives across Fintech, Banking, Telecommunications and Technology sectors.

Proven ability to combine executive leadership with hands-on technical expertise, serving simultaneously as Engineering Manager, Software Architect, Development Team Lead and Senior Full-Stack Engineer.

Extensive experience designing scalable cloud-native platforms, enterprise integrations, AI-driven solutions, microservices architectures and high-performance software teams across Azure, AWS, Python, .NET, Java, PHP/Laravel, React, Angular, SQL Server and MongoDB ecosystems.

Recognized for aligning technology strategy with business objectives, driving innovation, improving operational efficiency and building high-performing engineering organizations.

CORE COMPETENCIES

- Technology Leadership & Engineering Management
- Enterprise Software Architecture
- Development Team Leadership
- Senior Full-Stack Development
- Artificial Intelligence & Process Automation
- Agile Delivery (Scrum, JIRA, Zephyr)
- Azure & AWS Cloud Platforms
- Fintech & Banking Technology
- APIs, Integrations & Microservices
- DevOps, CI/CD & Release Management
- Data Analytics & Executive Dashboards
- IT Governance & Digital Transformation

PROFESSIONAL EXPERIENCE

Technology Development Manager | VOPM | Nov 2025 – May 2026

- Directed Software Engineering, DevOps and Architecture teams across multiple Fintech initiatives.
- Served as Technology Manager, Software Architect, Development Team Lead and Senior Full-Stack Advisor for strategic projects.
- Defined enterprise architecture standards, development processes and engineering governance.
- Led cloud-native solution delivery using PHP/Laravel, React, React Native and MariaDB.
- Participated in architecture reviews, technical design sessions and code quality initiatives.
- Implemented AI-powered solutions integrated with JIRA, analytics platforms and productivity tools.

Application Manager | MIO S.A.S. | Oct 2024 – Nov 2025

- Led Software Development, QA and Application Support teams within a Fintech ecosystem.
- Acted as Engineering Manager, Technical Lead and Senior Full-Stack Consultant.
- Provided architectural leadership for solutions built with C#, Python, React, SQL Server and MongoDB.
- Managed Azure Cloud environments, deployment pipelines and software delivery processes.
- Mentored developers and established engineering best practices.

Software Development & Programming Manager | Banco Ademi | May 2022 – Oct 2024

- Directed software engineering and digital transformation initiatives in the banking sector.
- Led multiple development squads responsible for enterprise applications and integrations.
- Participated in architecture governance, modernization strategies and technical planning.
- Served as a senior technical advisor for critical development initiatives.

IT & Application Support Team Leader | SICPA Dominicana | Oct 2019 – May 2022

- Led IT operations, enterprise applications and support teams.
- Managed critical systems, infrastructure and operational performance indicators.
- Coordinated technical teams and global stakeholders.

Software Development Leader | Telconet S.A. | Apr 2014 – Feb 2019

- Led development teams delivering telecommunications, digital signature and payment solutions.
- Acted as Technical Lead and Senior Full-Stack Developer across multiple strategic projects.
- Designed enterprise web and mobile architectures.

Digital Solution Developer | Kantar Health Spain | Jun 2012 – Feb 2014

- Designed and developed international web and mobile applications.
- Specialized in analytics platforms, dashboards and market intelligence solutions.
- Worked as a Full-Stack Developer using HTML5, PHP, MySQL, JQuery Mobile and C#.

Software Development Analyst | Jarflex S.A. | Aug 2009 – Aug 2011

- Developed enterprise systems and construction project management platforms.
- Participated in architecture design, functional analysis and process optimization.

Software Analyst / Developer | Orbis Corp S.A. | Oct 2008 – Jul 2009

- Developed enterprise automation, document management and telecommunications solutions.
- Contributed to large-scale business and operational systems.

Production Control System Development Leader | Sunchodesa S.A. | Feb 2007 – Jun 2008

- Led analysis, design and implementation of a manufacturing production control platform.
- Managed software development activities and process automation initiatives.

EDUCATION

Master's Degree in Computer Engineering

Universidad Politécnica de Madrid (UPM), Spain | 2011 – 2013

Bachelor's Degree in Computer Engineering

ESPOL – Escuela Superior Politécnica del Litoral, Ecuador | 2003 – 2009

CERTIFICATIONS

- MIT Sloan Executive Education – Design Thinking for Innovation
- Barna Management School – Digital Transformation
- ISO/IEC 20000 – IT Service Management Foundation
- ISO/IEC 27002 – Information Security Foundation
- Project Management – ESPAE
- Development of Management Skills for Middle Management – The Bottom Line
